**NAPA COUNTY TRANSPORTATION AND PLANNING AGENCY**

**NOTICE OF UNIFIED CALL FOR TRANSPORTATION PROJECTS AND PUBLIC WORKSHOP**

The Napa County Transportation and Planning Agency is pleased to announce a consolidated Call for Transportation Projects for funding programs in FY 2010-2011. Programs in this call include Transportation Development Act, Article 3 (TDA-3), Transportation Enhancements (TE), Congestion Management and Air Quality (CMAQ), Transportation Fund for Clean Air (TFCA), Transportation for Livable Communities (TLC), Regional Bike and Pedestrian, and Local Streets and Roads (LSR). The intention of NCTPA is, by virtue of this Call for Projects, to develop a comprehensive, county-wide list of projects for both Federal and State funding programs. This list will be used both for existing funding programs and for any new ones that may arise, such as the American Recovery and Reinvestment Act (ARRA) program. The NCTPA Technical Advisory Committee (TAC), with representation from all six Napa County jurisdictions, will serve as the prioritization committee for projects submitted with recommendations forwarded to the NCTPA Board for approval.

**Completed project applications are due to NCTPA on or before June 4, 2010.**
